Conditions for participation and nationality of competitors are described in detail in the [EYOF Charter, Rule 3](#).

The replacement must be submitted on a form and approved by the EOC, after consultation with the EFs TDs and the EYOF 2023 OC. All replacements will be resolved on case-by-case basis.

**Please note that any substitute athletes or officials will need to have been submitted in the Long List.**

**Replaced athlete or official must leave the AVL.**

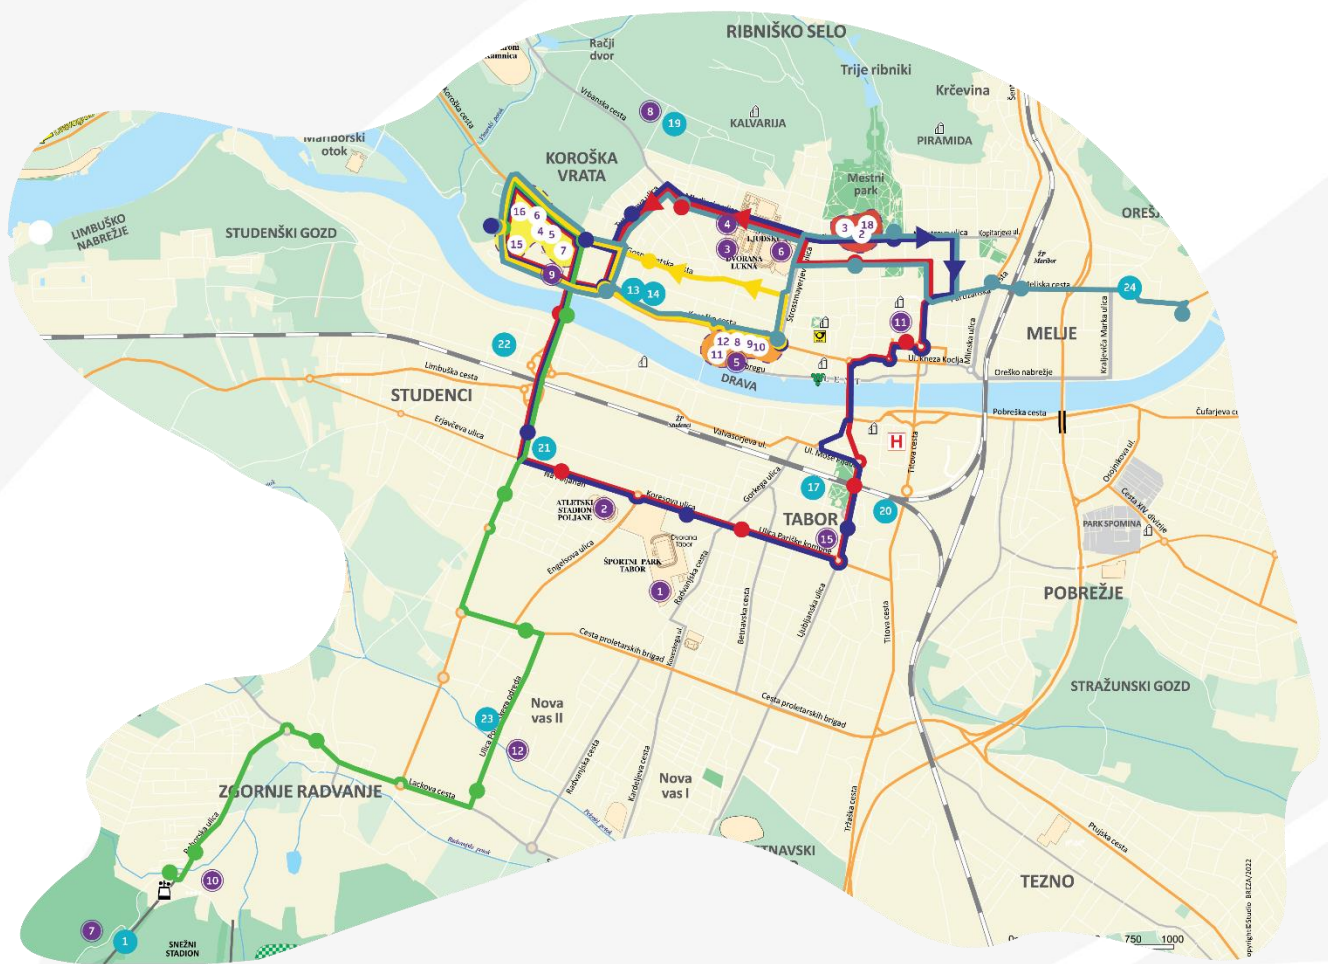

NOC may also withdraw an athlete or official after the closure of Short List right up to the TLM for the relevant Sport. The participation fee will not be reimbursed if a withdrawal occurs.

## 4. Accommodation

The city of Maribor has a great location, as it lies at the foothills of Pohorje and everything is relatively close and centralised around the city centre, which means that AVLs (NOC delegations) and 4 and 3-star hotels (referees, ITOs, media and others) are minutes away from the sports venues and accompanying events. For example, from the farthest point, Pohorje Hills, to the Athletes' Village 1, the distance is 5 kilometres or a 15-minute bus ride.

Most NOCs will be accommodated in AVL1, others will be placed in AVL2, AVL3, and the surrounding Satellite Dormitories.

The exception are the volleyball teams and their delegations, who, for reasons of logistics, will be staying on the Pohorje mountain range, at the Pohorje Village resort (close to the sports venue). The other exception are boys' handball teams, who are staying separated from NOC's delegation, since they are accommodated just next to the competition venue. The same level of standards will be provided for every NOC.

All samples will be analysed at the laboratory accredited by the World Anti-Doping Agency in Seibersdorf, Austria.

### 8.1. Medication Use and Therapeutic Use Exemptions (TUE)

It is the responsibility of the athletes to determine whether a substance they are using or considering using is prohibited. NOCs are encouraged to be proactive in assisting their athletes to identify what substances they may wish to use, to identify what the therapeutic use alternatives are, if appropriate, and to submit forms in a timely and legible manner to the relevant Anti-Doping Organization (ADO) in case of the use of an otherwise prohibited substance. New TUEs should be sent by 26 June 2023 to [tue@ita.sport](mailto:tue@ita.sport) and we advise to contact your NADO beforehand. All participants, NOCs, IFs and EFs are strongly advised to refer to [Article 4.4 of the EOC Rules](#), which sets out the provisions regarding TUEs.

In particular, the ITA's TUEC (TUE Committee) will automatically recognise TUEs previously granted by your NADO and IFs for purposes of the Event without the need to review the relevant clinical information. If the TUE is correctly entered in ADAMS, there is no need to contact us. Nevertheless, should you require a confirmation, you can submit your request to the ITA in writing quoting your ADAMS TUE reference number.

ITA will manage the Therapeutic Use Exemption program with the support of more than 20 medical experts that form the [ITA International TUE Committee](#).

At all times, athletes are strongly advised to check the status of the medications they are using or considering using with their team doctors. If, during the Games, further clarification is required, the athlete should check with the NOC Medical Officer(s).

# 11. Athlete Safeguarding

## **SPOC** Single Point of Contact

If any participants identify anything suspicious or want to report an irregularity, this can be reported either via

- Anonymous reporting mechanism [eyof2023.zvizgavka.si](https://eyof2023.zvizgavka.si)
- Email to [eticna.komisija@olympic.si](mailto:eticna.komisija@olympic.si) and/or [ethics@eurolympic.org](mailto:ethics@eurolympic.org)

EYOF Maribor 2023, in collaboration with the European Olympic Committees and the National Olympic Committee of Slovenia, is prioritizing the safety of all participants. Safeguarding procedures are crucial to maintaining a secure and protected sports environment.

The availability of an e-system for reporting incidents, which can be accessed at [eyof2023.zvizgavka.si/](https://eyof2023.zvizgavka.si/), is an important step towards ensuring the well-being of everyone involved in the event. This system offers two reporting options, allowing individuals to choose the most suitable method for their situation:

- safe and anonymous reporting
- with open identity

When incidents are reported, they will be handled by designated Single Points of Contact (SPOCs) from NOC Slovenia and EOC. These individuals will oversee the handling of the reports and ensure that the appropriate actions are taken. Additionally, a nominated expert group will lead the procedure, further enhancing the effectiveness and expertise in dealing with sensitive cases.

To support the handling of specific reports, the General Police Administration in Maribor will provide assistance.

Overall, the comprehensive safeguarding procedure and the collaboration among various stakeholders demonstrate the commitment to creating a safe and secure environment for all participants at EYOF Maribor 2023.
